

# Make your mark

Your future at State Street

## State Street Tech Talk Distributed Ledger Technology

State Street will be on campus to host a Tech Talk on Distributed Ledger Technology (DLT). Learn about the impact of DTL on FinTech and the way we do business. There is no better time to bring in your resume and apply to your dream internship or full-time job!

Tech Talk Presented by: ***Nathaniel (Nate) Rand – Managing Director, Global Technology Services***

Nate is a Managing Director in State Street's Global Technology Services (GTS) division. He has over 19 years of experience in Global Markets businesses designing and developing new products, platforms and services in support of existing and new business, most recently leading the GTS strategy and innovation effort in Securities Finance across the organization with DLT.

Nate is from Maine, which may explain his love for the outdoors. In his spare time he enjoys running, biking and hiking. He once climbed a 21,000 foot volcano in Bolivia for fun!

**Thursday, November 1<sup>st</sup>**

**5:00 – 6:00 PM | WPI**

**Location: Higgins Laboratories, HL 114 | 100 Institute Rd, Worcester, MA**
